perplexity

DOMINATRIX

A dominatrix is a woman-sometimes also a non-binary or genderqueer person-who takes the dominant role in consensual BDSM activities, often referred to as "femdom" or female dominance[1] [2] [3]. A dominatrix may be a professional (pro-domme) who provides paid BDSM services, focusing on psychological control, power exchange, and specialized practices like bondage, discipline, and erotic humiliation, rather than traditional sexual contact[1] [4]. Sessions are built around consent, negotiation, and safety, and can involve a range of activities from roleplay and behavioral modification to sensation play and corporal punishment[1] [4]. While some dominatrices work professionally, others engage in dominance as part of personal relationships or bedroom roleplay[2] [4].
